## Description

MTS is a kind of sound insulation rubber sheet with outstanding chemical stability, sound insulation property, and vibration damping property.

## Features

- Superior sound insulation property
- Can be combined with various sound absorbing materials
- Applicable to bent area because of flexible sheet

## Structure

## Features

### Excellent Sound Insulation Effect

Can help you sleep comfortably.

Reduce drainage noise due to two-layer structure of sound insulation material and sound absorbing material.

### Otonashi-Kun Confident In The Long-term Durability

Good absorbing and sound insulation material.

### Easy Installation

Easier to use by 25% lighter the weight of the joint member. (Compared to the Co.)
